FROM SPECTATOR TO CHAMPION

A personal journey, backed by proven results

In 2006, Dan watched Time Attack at Oulton Park and imagined one day competing himself. After years of track-day driving, that ambition became reality.

In 2023, his first Time Attack event took place at the very same circuit, finishing second in class. DB Racing went on to secure back-to-back Clubman championships in 2024 and 2025.
